Y-piece with 2 outputs and CO2 stop-taps

Y-piece with 2 outputs and CO2 stop taps

Accessory for the pressure regulator, handy for double CO2 use (e.g. extra accessory for the BeerGun bottle filler 058.121.4 to connect the gas tube to the BeerGun and the beer barrel). Can be bought separately or mounted on the regulator 058.083.7.

The pressure regulator 058.085.8 in our assortment has only 1 output, but can also be mounted on the Y-piece. Therefore you have to screw the stopcock from the pressure regulator to become a 1/4" output. After cleaning of the wire in the regulator, the Y-piece (1/7") can be fixed with metal glue.

Specification

Packing dimensions and weight:

Weight	0.287 kg
Length	16.3 cm
Height	4.5 cm
Width	11.2 cm
EAN code	0580845
